1979: BSc. Pharmacy, National University of Athens, Greece.

POST GRADUATE FELLOWSHIPS:

1979-1981: Research fellow, Department of Experimental Pharmacology, Endocrinology Unit, Medical School, University of Athens.
During my fellowship I was trained in the development and application of radioimmunoassays for hormone analysis, antibody production and radiolabeling. I was also actively involved in all research projects and activities carried out at the Department, especially in the field of Reproductive Endocrinology.
